Message from the UQG Head Servant

I would like to address and welcome every Muslim in the world. The Quran is the book of ultimate guidance that guarantees holistic and ultimate success, so it's an emergency to learn & spread it. I am excited about the new initiative of the Quarterly newsletter that will give a glimpse into tireless efforts done by our Global team of volunteers. It will disseminate information on courses, events, and updates, featuring stories of positive transformation and collaborations with like-minded organizations. Our dream is to making Quranic understanding easy and accessible to every human being on earth.

Message from Dr. Abdul Aziz

Dear Brothers & Sisters, Assalam-O-Alaikum wa-rahmatuallah, Alhamdulillah. It is indeed pleasing to see the start of quarterly newsletters which I am sure will help us update each other, inspire us to do more, and give motivation for the new comers to do more. Remember, we have to reach 1.7 billion people. Let us plan to reach that goal (Allah rewards for intentions too) and Allah will open the ways for us Insha Allah.

خَيْرُكُمْ مَنْ تَعَلَّمَ الْقُرْآنَ وَعَلَّمَهُ

The best amongst you is the one who learns the Qur'an and teaches it.

All over the world there are millions of Muslims who recite Quran during their prayers they recite the Dua's, memorize Quran, all of which is done in order to gain the pleasure of Allah (swt). Quran as we know is the ultimate guide for living life, but how will a person know about the rules regulations and what Allah (swt) has said in the holy Quran?

It's only possible when one tries to understand the meaning of the verse, the actual advice that is give and tries to act upon it.

The rise of Muslims to the zenith of civilization in a period of four decades was based on Islam's emphasis on learning. This is obvious when one takes a look at the Qur'an and the traditions of Prophet Muhammad which are filled with references to learning, education, observation.
